Councillor Colwill joined the meeting at this point.

The nearest cabinets are number 4 at Holymoorside and a cabinet at Ashgate Hospice. Wigley School has now been connected to the cabinet at Holymoorside; and so it should be possible for residents in Wadshelf and Old Brampton to obtain faster broad band speeds. On 25 September 2016 all details of the meeting and requests from approximately 54% of residents in Old Brampton were forwarded to British Telecom, Digital Derbyshire, District Councillor Martin Thacker, County Councillor Stuart Ellis and Natascha Engel MP.

Now on the BDUK website the following postcodes are listed for Phase 1 of broadband delivery: S42 7JG, S42 7JH, S42 7JK, S42 7JJ.

Further £211.00 of fund raising has been received from Table Hire for the Christmas Fair, the Multiple Sclerosis Society and ticket sales for events at the Village Hall.

**Resolved:** To note the progress and thank all those concerned with the fund raising

Councillor Lawrie reported on the Management Committee Meeting he had attended on 5 October 2016, discussions took place on the future running of the Institute, it was discussed that the Parish Council wished for as little change as possible for the users and committees; though the amalgamation of the Working Committee and Management Committee into an encompassing Committee could be considered. With regards to the future legal standing of the committee there are basically two options, the first being to run along the same lines as the hall at Wadshelf, which is a simple single committee structure reporting to the Parish Council, the second would be managing the Institute as a charity along similar lines to the present format, this would involve a change of trustees as the Church would no longer be involved.

**Resolved:** To thank Councillor Lawrie for the update of the meeting
