for a complete list of bodies that may be smaller authorities refer to schedule 2 to the Local Audit and Accountability Act 2014.

### Guidance notes on completing Part 3 of the Annual Governance and Accountability Return 2018/19

- The authority must comply with Proper Practices in completing Sections 1 and 2 of this Annual Governance and Accountability Return. Proper Practices are found in the Practitioners' Guide\* which is updated from time to time and contains everything needed to prepare successfully for the financial year-end and the subsequent work by the external auditor.
- Make sure that the Annual Governance and Accountability Return is complete (i.e. no empty highlighted boxes),
  and is properly signed and dated. Where amendments are made by the authority to the AGAR after it has
  been approved by the authority and before it has been reviewed by the external auditor, the Chairman and
  RFO should initial the amendments and if necessary republish the amended AGAR and recommence the
  period for the exercise of public rights, if the Annual Governance and Accountability Return contains unapproved
  or unexplained amendments, it may be returned and additional costs will be incurred.
- The authority should receive and note the annual internal audit report if possible prior to approving the annual
  governance statement and before approving the accounts.
- Use the checklist provided below to review the Annual Governance and Accountability Return for completeness before returning it to the external auditor by email or post (not both).
- Do not send the external auditor any information not specifically requested. However, you must inform your external auditor about any change of Clerk, Responsible Financial Officer or Chairman, and provide relevant email addresses and telephone numbers.
- Make sure that the copy of the bank reconcillation to be sent to your external auditor with the Annual Governance
  and Accountability Return covers all the bank accounts. If the authority holds any short-term investments, note their
  value on the bank reconciliation. The external auditor must be able to agree the bank reconciliation to Box 8 on the
  accounting statements (Section 2, page 5). An explanation must be provided of any difference between Box 7 and
  Box 8. More help on bank reconciliation is available in the Practitioners' Guide\*.
- Explain fully significant variances in the accounting statements on page 5. Do not just send a copy of the detailed
  accounting records instead of this explanation. The external auditor wants to know that you understand the reasons
  for all variances, include complete numerical and narrative analysis to support the full variance.
- If the external auditor has to review unsolicited information, or receives an incomplete bank reconciliation, or variances are not fully explained, additional costs may be incurred.
- Make sure that the accounting statements add up and that the balance carried forward from the previous year (Box 7 of 2018) equals the balance brought forward in the current year (Box 1 of 2019).
- The Responsible Financial Officer (RFO), on behalf of the authority, must set the period for the exercise of public
  rights. From the commencement date for a single period of 30 consecutive working days, the approved accounts
  and accounting records can be inspected. Whatever period the RFO sets it must include a common inspection
  period during which the accounts and accounting records of all smaller authorities must be available for public
  inspection of the first ten working days of July.
- The authority must publish the information required by Regulation 15 (2), Accounts and Audit Regulations 2015, including the period for the exercise of public rights and the name and address of the external auditor before 1 July 2019.
