Councillor Foster (Derbyshire County Council) joined the meeting and addressed a number of current issues. Firstly regarding the Government White Paper on planning which has put a stop to the Neighbourhood Plan, Dronfield Town Council are putting a response together and Brampton PC are invited to add any comments to that submission.

She then outlined discussions she had held with the County Police Communities Officer who is keen to develop liaison with town and parish councils. The police in Derbyshire have a target to recruit 82 new police officers as part of the national police recruitment of 20,000 police officers. The Chief Inspector had confirmed 5 new recruits over recent months in the NE Derbyshire area. One area that the Police are keen to support is Speedwatch and the meeting agreed that this an area where most likely the local community would support an initiative to tackle speeding motorists. Councillor Foster reiterated that technology had moved on and made it easier to enforce. On behalf of the Council Councillor Lawrie volunteered to act as liaison officer with the police and Councillor Foster will inform the Council of the appropriate police contact.

Councillor Foster also said that the County Council had funds available for community groups and the Council until December and Speedwatch could be one use for such funds.

(Councillor Foster left the meeting at this point)
